

## INFORMATION FOR COLORADO PRESCRIBERS OF PRESCRIPTION DRUGS

### ZENPEP® (pancrelipase) delayed-release capsules

Colorado law requires manufacturers to provide the names of up to three (3) available generic prescription drugs from the same “therapeutic class” as the Marketed Product(s). “Therapeutic class” is defined under Colorado law as “a group of similar drugs that have the same or similar mechanisms of action and are used to treat a specific condition.”

The prices listed below are the Wholesale Acquisition Cost (“WAC”) made available to the public by a third-party publisher. The price paid by consumers may be higher or lower than the prices listed below. Information about the WAC for this drug is being provided to Colorado prescribers pursuant to Colorado law, to give prescribers drug cost information about Nestlé Health Science’s marketed products and the names of certain available generic drugs in the same therapeutic class.
